

Brothers N Arms

Class Descriptions and Information

Zero shots fired - for Kids

What would your kids do if they found a gun? I know your guns are locked up and safe in your home, but what about your kids' friend's house, the playground or even school! How sure are you that your kids will do the right thing when you are not around? Zero shots fired - for Kids is a class taught for kid's to give parents the peace of mind you deserve. This one hour class has you in mind when we developed it. All our professional instructors have children and felt so strongly about this class that they have all volunteered their time to help achieve our goal of Zero Kids being shot by legally owned firearms. In this class parents and children alike will learn how to be safe around guns in your home or somewhere else. While the course is intended for younger children (ages 5-12), people of any age will enjoy the positive upbeat class that covers such a serious topic in such a fun way. By the end you will have the confidence that your child will know how to react if they find a gun or if they are around someone who should not have a gun.

- Cost: FREE. Donations greatly appreciated. Proceeds benefit further expansion of our Educational Services.
- Requirements: suggested for grades K-6; attendance of parent/guardian
- Registration: In the store, online – Walk-ins welcome
- Time: 1 hour*

Handgun 101

If you are new to shooting, afraid of guns or have just been out of the sport for a while this is the class for you. No one wants to enter a class and feel talked down to. How many of you have head of or taken a firearms class only to feel like the instructor is bragging about how much better than you they are. We are here for one reason, to help you feel comfortable around guns. This is your class so it is taught in an open format where you are allowed and encouraged to ask any question throughout the class. During the class we will go over safe handling, loading, aiming, accessories and storage. After you feel confident handling a firearm in the classroom you will get time at the range with a friendly instructor that is there for you not to show off. By the end of the day you will leave the class with increased confidence when handling firearms.

- Cost: \$70
- Requirements: handgun**, minimum 50 rounds of ammunition, eye and ear protection.
- Registration: Online or in the store
- Time: 6 hours*
- ** Handgun rental available for an extra \$25

Handgun 102

Handgun 101 leaves most students wanting to know what's next. Here it is! You will spend a significant amount of time on the range shooting and receiving instant constructive feedback. You will take what you learned in the first class and build upon that at the range. Again this class is all about you and what you want to work on. Each course of fire is designed to make you a more confident shooter. After a safety brief and a question answer period you will be accompanied by one or more instructors to help you with marksmanship, shooting positions, accuracy, loading and more. This class is tailored to you and skills you would like to improve upon. Come ready to go to the range to; Load, Shoot, Repeat!

- Cost: \$90
- Requirements: Handgun 101 or equivalent introductory class. Handgun** and 100+ rounds
- Registration: Online or in the store
- Time 6 hours*

Women's 101

This is by far our most popular class which is taught by a woman (when available) who carries a firearm for a living. We know that firearms can be intimidating to anyone especially those who traditionally have limited exposure to them. This class is identical to our Handgun 101 but at the request of our customers we have limited this class to women only. With this class we do our best to take some of those fears away by making this a women's only environment. We have also implemented a female handgun instructor (when available) who not only teaches firearms but carries one for a living. Students in this class will gain familiarization with safe gun handling, the various types of handguns and long guns, how they function and shoot, safe firearms storage options, and basic marksmanship skills.

- Cost: \$70
- Requirements: handgun**, minimum 50 rounds of ammunition, eye and ear protection.
- Registration: Online or in the store
- Time 6 hours*
- ** Handgun rental available for an extra \$25

Women's Only 102

Handgun 101 and Women's only 101 leave most students wanting to know what's next. Here it is! This class will spend a significant amount of time on the range. The student will take what you learned in the first class and build upon that at the range. After a safety briefing and a question and answer period you will be accompanied by one or more instructors to help you with marksmanship, shooting positions, accuracy, loading and more. This class is tailored to you and what you would like to work on. Come ready to go to the range and Load, Shoot, Repeat!

- Cost: \$90
- Requirements: Women's 101 or Handgun 101 or equivalent introductory class.
- Handgun** and 100+ rounds
- Registration: Online or in the store
- Time 6 hours*
- ** Handgun rental available for an extra \$25

Junior Rifle Safety

We are looking for responsible young people who are interested in firearms. If that is you or your kids we would like to safely introduce them to firearms. Have you ever heard of primal learning? Primal learning is how our mind stores new information for the first time. When we learn a new skill for the first time we will take that as fact even if we know it to be wrong. This is why it is so important for our kids to learn how to properly handle and shoot firearms the first time. Once I found a professional instructor it took me longer than some to understand what they were teaching because of my own primal learning scars. Find out what you have been missing by having a professional firearms instructor start your kids off right. I found this to be especially true in math class. I know we are not talking about math but just like math once you get the basics correct the rest can be a lot easier. We designed this class with young people (ages 6+) in mind. Your children will learn about firearm safety, what to do if they find a gun or encounter someone who should not have a gun, how a variety of .22 rifles function, and basic marksmanship skills. All of this in a fun and safe environment that parents and kids will enjoy.

- Cost: \$70
- Requirements: Signed parental permission, (We provide ammunition and firearm (parents may shoot for \$25 each).
- Registration: Online or in the store
- Time: 5 hours*

Marksmanship 101

This is the next-level class for those who have taken a beginning-level firearms course. This class is based on the customer's needs; whether you are looking to become more proficient and develop a better understanding of your specific firearm, or want to improve your marksmanship skills with a firearm, or if you want to learn how to move and shoot, this class is for you. The class is meant to be one-on-one with a student and instructor but can just as readily be taught as a small class.

- Cost: \$125 per student; \$500 for a group.
- Requirements: firearm of the customer's choice, 50-100 rounds of ammunition, eye and ear protection.
- Registration: by appointment only
- Time: varies

Concealed Carry Considerations

Washington State has no firearms course requirement for issuing a concealed carry permit. This class comes highly recommended and teaches you how to safely conceal a handgun. The student will also learn how to shoot if children and/or other loved ones are around and what to do if you are ever involved in a shooting.

- Cost: \$45
- Requirements: Come with questions
- Registration: Online or in the store
- Time: 2 hours*

Utah Concealed Carry

Brothers N Arms serves as the host for this course which is taught by the people at www.concealedheat.com. This class has many benefits when it comes to firearms. This class is required to legally carry in many states however it is not required to get your Washington State Concealed Carry Permit. We do recommend that everyone take some form of training prior to making the life choice to carry a firearm for protection.

Hunters Education Courses

Taught in partnership with the Washington State Department of Fish and Wildlife. We offer both the traditional class taught over a period of 2 weeks and the online field portion that is completed in one day. When you arrive for either class come prepared to be tested and ready to learn. The focus of this class is to enhance the student's understanding and safety in handling a variety of rifles and shotguns. Teaching Hunters Education in Washington State is a volunteer job that we provide to community in partnership with the Washington State Department of Fish and Wild Life.

- Cost: Free – WDFW fee's may apply
- Requirements: Preregistration through the WDFW website.
- Registration only through: <http://wdfw.wa.gov/hunting/huntered/index.html>
- Time: 6 hours*

High Power & Suppressor Shoot

Brothers N Arms is offering this class as a rare opportunity to shoot some of the firearms that we get to use on a daily basis. If you have been in our shop or heard of it chances are that you have seen or heard about our custom firearms. This class gives you an opportunity to shoot a few of these great firearms. Seating is limited in this class. You will get the opportunity to fire two rounds through a .50 BMG bolt action rifle made here at Brothers N Arms. This massive rifle is built along the design of the proven McMillan action. You will also have the chance to fire 20 rounds through a suppressed AR-15; both the suppressor and the firearm were made right here in our shop. You also have the chance to fire 10 rounds through our new Patrol model AR-15, ten rounds through our suppressed and modified Ruger 10/22 .22LR, and then another ten rounds through a Smith & Wesson M&P .22 which is fitted with a suppressor. This workshop is going to include all the ammunition for only \$129.99. If you have not had enough fun when we are done we will have upgrade packages available upon request.

- Cost: \$129.99 – no outside ammunition will be allowed
- Requirements: Ear and eye protection
- Registration: Online or in the store
- Time: 3 hours*

Introduction to Competition Shooting

Have you ever wondered how to get started in handgun competitions? Learn from an experienced IDPA, USPSA, and Glock Shooting Sports Federation shooter in this entry level class which will teach you tactics such as how to approach competition from a mental as well as a practical aspect. You will learn how to shoot quickly from a variety of positions including while moving and will be guided through how to shoot one-handed, weak-handed, strong-hand only, and how to reload your firearm more efficiently.

- Cost: \$90
- Requirements: Ear and eye protection, personal firearm and 100 rounds of ammunition.
- Registration: Online or in the store
- Time: 4 hours*

3 Gun Shooting Competition

This is not truly a class but a shooting competition put on by Brothers N Arms shooting club. 3 Gun competitions are one of the fastest growing practical shooting competitions around. During this course of fire you will follow practical courses that include the use of a handgun, long gun and a shot gun in one fluid course. If you are serious about real world shooting, you will not want to miss this shoot. Everyone is welcome even if you have never fired a shot.

- Cost: Free to watch – Entry fee may apply
- Requirements: None – Being a safe shooter will help you not get disqualified before you start – appropriate ammunition for the course of fire – given at registration
- Registration: Competitors must register by 5pm the day before. Anyone can watch
- Time: Depends on the number of shooters

Home Defense: Handgun

This class will cover legal topics about how to defend yourself when you are confronted by someone wishing to do you or your loved ones harm. We will have an open discussion about where we should store our home defense handgun while we sleep. During this class we will go over methods for carrying a firearm for self-protection and self-defense options regarding ammunition. When we are done with the classroom portion we will head out to the range where we will get a chance to practice the skills we just learned with live ammunition on paper targets and reactive targets.

- Cost: \$90
- Requirements: Be a safe firearms handler 100 rounds of appropriate ammunition
- Registration: Online or in the store
- Time: 4 hours*

Home Defense: Long Guns

This class is similar to the Home Defense: Handgun class except that the focus is on the use of rifles and shotguns in a home defense situation.

- Cost: \$90
- Requirements: Be a safe firearms handler 100 rounds of appropriate ammunition
- Registration: Online or in the store
- Time: 4 hours*

Tactical Course

This advanced level course is taught by two certified firearms instructors that were in the US Marine Corps and an Air Force special operator. This class will take you through the advanced techniques used by these two joint US service men and their continued training after they departed from their official duties in the Military.

- Cost: \$225
- Requirements: Be confident in the function and use of firearms 100 rounds of appropriate ammunition
- Registration: Online or in the store
- Time: 8 hours

NRA Certified Firearms Training

The National Rifle Association has put together a structured method to teach new shooters and seasoned shooters the basics of how to safely operate a handgun or rifle. In this class you will leave with a better understanding of how to safely handle a handgun, the difference in ammunition, two handed and one handed standing shooting positions and how to care for and maintain your handgun. When you complete this class you will receive a certificate from the NRA, a national authority on firearms. You will also leave with a better understanding of how firearms work, feeling safer when you are around them.

- Cost: \$199
- Requirements: \$10 course packet – hearing and eye protection – Firearm - Ammunition
- Registrations: Online or in the store
- Time: 8 Hours

Private Classes

A private class can be scheduled for most of the above classes. We required a minimum of 8 students or \$500 to hold a private class. These classes can be tailored to fit your unique needs in nearly any firearm discipline. Our instructors draw from more than a combined experience of 25 years. Contact us to schedule a class at your location or ours to fit your needs.***

*All times are approximate and may require travel time to the range that is approximately 20 minutes from the classroom. Time is also subject to class size, bigger classes require more time.

** We have a limited number of firearms for rent during the class. If you need one please email us ahead of time. Cost: Add \$25.

***Classes larger than 15 can negotiate for special rates.

- All classes require that students have appropriate footwear and clothing for shooting. It is advised to plan for any weather conditions as our range is outdoors.
